

WHAT BREAKS OUR HEARTS?

Happy New Year!

As we begin 2024, one thing topmost in our hearts is to see the transformation of students on campus where we serve as missionaries because they are the leaders of tomorrow. These leaders would later make choices that impact generations. Our hearts bleed when we hear of leaders in Nigeria and Kenya engaging in corrupt practices, and the entire nation suffers.

When will Africa be delivered from this evil? This is what breaks our hearts. This is why we are in Kenya, to raise leaders of integrity.

We believe that discipleship is the key to creating leaders of integrity that our nations need. We can't simply sit and observe; we must take action! We have been asked to serve as volunteers to teach and disciple students in the university from a biblical perspective.

At the International Leadership University orientation, where we serve, we met students who shared a common desire to bring positive change in their areas of influence. Among them was a young Kenyan named Mike^{**}(*not real name*), who expressed his desire to acquire leadership skills and character to bring change in Kenya's transportation sector.

During our encounter, we came across a student who is presently serving as a federal cabinet minister in South Sudan. He expressed a strong desire to bring about positive changes in the education sector of his country. It is indeed a huge opportunity to guide and support such students towards building successful careers and achieving their life goals.

Please Pray For us!

- Praise God for the opportunity to work with students who are passionate about seeing change in their society.
- Pray for wisdom to teach, mentor, and disciple them.
- Pray that our eyes will be on the Lord and on what he has called us into.
- Pray for good health for our family.

Thank you for praying.
