

MIXED BLESSING

MAY, 2025

The month of April was quite eventful for us as a family. We had planned for this mission trip for months and were looking forward to going for it, but in the wake of the 25th of April, 2025, we got a painful call from home telling us that Moses' immediate younger sister had passed away.

Rachael: In the last month before her demise, she was in and out of the hospital. We are grateful for her life and the memories we shared with her, and we trust the Lord that we will see her again on the resurrection morning.

A photo of Moses & his late Sister, Racheal

Outreach to Narok: Our team made up of our students, staff and full-time missionaries made it to villages of Olepolos, Ngoben and Uaso Ngiro in Narok county here in Kenya between the 30th of April to the 4th of May 2025.

They executed 8 outreach strategies: one-on-one and door to door evangelism, Jesus film shows, Walking with Jesus shows, sports outreach,

school mission, hospital visitation, church leaders' trainings and children engagements. 2,164 persons were reached with the gospel and 563 people committed their lives to Christ.

We are grateful that even in the good and bad experiences in our lives, God is with us and He holds our hands through them.

Please pray:

- Thank God for His faithfulness in our lives in the midst of losing our sister.
- Thank God for the successful funeral and God's provision for every process.
- Pray especially for our Mum, the children Rachel left behind and the rest of us her family for unusual comfort.
- That the seed of God's word will germinate in the heart of the Narok people that heard His word through our team.

Thank you for always standing with us.

Cinci and Moses
